

MRS. NELMS THINKS BOTH GIRLS ALIVE, BUT ARE SEPARATED

Mother of Missing Atlanta Sisters States Belief That Lois Is on Her Way to India Now

BLAMES INNES FOR HER DAUGHTER'S QUEER MOVE

Declares She Believes Beatrice Was Drugged by a "Mrs. Mims" and Is Now Being Held a Captive

Mrs. John W. Nelms resumed her quest for her missing daughters Thursday morning with renewed hope. She said her theory had become fixed that both daughters are alive, though she believes Beatrice is a captive and Mrs. Dennis is on the way to India.

"I think Innes and Mrs. Mims met the girls in Houston, where he was to deliver papers to Beatrice protecting her investments, and there he either drugged her or gave her some other way to take her off into some sort of captivity. Innes then sent Mrs. Dennis to San Francisco, I believe, and from there caused her to sail for India, expecting to follow her on a later boat in a few days.

"I don't know anything about the typewriter note. It addresses me as 'Mother' and in her life she never called me anything but 'Mama.'"

As though the earth had opened and swallowed them, the two daughters of Mrs. Nelms have been utterly lost for a week. They have been hunted far and wide, and brilliant spotlights of publicity have been playing upon even the remotest corners of the land. Yet still this hunt has not been found. They have been taken to a certain point in Houston, Tex., where they disembarked from a train, in mid-June, to buy tickets to San Antonio. Beyond that point they have been lost.

It is strange young women who are missing. They are both blond, blue-eyed, and are about 20 years of age. They are both graduates of the University of Texas, and are both well known in the city.

Wander is growing in the minds of the Atlanta authorities directing the search, that Mrs. Nelms' daughters and Mrs. Beatrice Nelms could have been taken to some place in the south, where they had killed their father. Each must be followed to the end of the trail.

WON'T HOLD INNES.

The Portland, Ore., police have declined Chief Beavers' request to hold Mrs. Nelms' daughters, saying they have no authority for such a thing, and will there is a formal charge against him.

There is no formal charge against Innes, though the police are holding him. There is no proof that violence has been done, and no proof that the sisters are being held captive. They are not to be found and Innes was not with them during at least part of their known journey.

Statements of L. P. Weather, Atlanta police chief, said that he had been convinced to the minds of those who had been taken to some place in the south, where they had killed their father. Weather saw letters from Mrs. Nelms from Innes, and he saw her with a stranger during the time she was in the city.

INNES' POLICE RECORD.

The police record of Innes in New York has been asked from the authorities of that city by Chief Beavers. The Atlanta police believe something will be learned from Innes' past, which will help them to find the girls.

Because a justice court bailiff is alleged to have taken advantage of their absence from the city, the police are now searching for him. The justice court bailiff is alleged to have taken advantage of their absence from the city, the police are now searching for him.

WILLIAM ROCKEFELLER TO QUIT THE N. Y. EXCHANGE

(By Associated Press.)

NEW YORK, July 16.—William Rockefeller's seat on the New York exchange was posted today for transfer to his son, Percy A. Rockefeller.

Atlanta starts South with announcement of stupendous gift to institution to be established here.

The south was startled Thursday when the authoritative news went forth that Asa G. Candler, of Atlanta, had offered \$1,000,000 to the foundation of the southeastern Methodist university just located in Atlanta.

Rumors of Mr. Candler's intention had been circulated, but were without authority until the moment he himself gave out, for such use as might be desired, copies of a letter addressed to the chairman of the educational commission, his brother, Bishop Candler, in which he placed the offer in black and white.

This is said to be the most generous gift ever made by any southerner to the cause of education. It represents a sum greater than the mind of man can realize easily.

Here is the letter, now become a very important document in the annals of the loss inflicted upon the church by the general conference of the Methodist Episcopal church, south, held at Oklahoma City, to take in hand the rebuilding of the loss inflicted upon the church by the decision in the case of Vandeventer university, the communication which follows:

"While I do not possess by a vast deal what some might call an elegant taste, I am nevertheless a very earnest devotee of God and an earnest desire to do good to my fellow men. I make to you, as the chairman of the educational commission, a donation of \$1,000,000 to the foundation of the southeastern Methodist university just located in Atlanta.

Mr. Candler's statement was a copy of a letter addressed Thursday by him to his brother, Bishop Candler, chairman of the commission.

FRANCISCO CARBAJAL OFFERS REBELS TERMS OF PEACE

Francisco Carbalja Accepts Provisional Presidency After Huerta Resigns, and Committee Is Sent to Confer With Rebel Leaders on Terms of Peaceful Occupation of the Capital—End of Strife Appears to Be at Hand

RETIRING DICTATOR DENOUNCES WILSON

AND PREDICTS DOOM OF UNITED STATES

Retribution Will Follow Outrages This Government Has Committed, He Declares—Huerta and Blanquet Flee from Mexico City and Are Believed to Be on Way to Europe—Felix Diaz Reported in Plot Against Carranza

President Wilson today instructed John R. Silliman to notify General Carranza, constitutional leader in Mexico, that he would recognize any government which may be agreed on by the warring factions, provided peace is one of the conditions of the agreement.

After ruling Mexico since the overthrow of President Madero on February 19, 1913, Victoriano Huerta last night tendered his resignation to the chamber of deputies to "rebut the charge that he sought to advance his personal interest and not that of the republic."

The resignation was accepted immediately and Francisco Carbalja was elected provisional president in his stead. President Carbalja is expected to name a new cabinet today. Huerta's cabinet having also resigned.

Huerta and General Blanquet, his faithful military aide, were left Mexico City last night, presumably for Puerto Mexico, whence they will probably sail for Europe.

In his resignation the retiring dictator denounced President Wilson as a "patriot whom have arranged at the bar of universal conscience," and predicted the ruin of the "government that has committed so many outrages on this continent."

Washington officials believe Huerta's resignation is the forerunner of peace in Mexico. The new government has sent a committee to make overtures to the rebel leaders for peacefully surrendering power, and it is believed Carranza and his aides will not insist on a military occupation of the capital.

Meantime, a revolt against Carranza, with Felix Diaz as the moving spirit, is being hatched in El Paso, it is reported.

M'REYNOLDS CONSIDERED AS WATSON'S SUCCESSOR

If Attorney General Goes on Bench, Secretary Garrison May Succeed Him

(By Associated Press.)

WASHINGTON, July 16.—The United States today instructed John R. Silliman, assistant secretary of the interior, to inform General Carranza that if he resigns, the United States will recognize the Carranza government for the transition period until Carranza can take power at Mexico City.

The only condition of the recognition would be extended to the resultant of power at Mexico City recognition of Carranza's attitude of General Carranza's refusal to complete the settlement of the internal conflict by peaceful means.

Another consideration is that Carranza's refusal to complete the settlement of the internal conflict by peaceful means.

Many diplomats in Washington thought Francisco Carbalja, who was sworn in as Huerta's successor, might accept the terms of the plan of Guadalupe.

HUERTA RESIGNS AND REBELS ARE OFFERED CONTROL OF MEXICO

(Continued from Page One.)

Time, which provided for the naming of Carranza, constitutional chief, as provisional president pending elections throughout the republic.

All doubt in Washington over the tenure Huerta might pursue after his resignation was dispelled today by the report that he, with his faithful war minister, General Blanes, had left Mexico City aboard a train presumably bound for Puerto Mexico. There, it was believed, he would follow in the steps of Porfirio Diaz and board a ship for Europe.

PEACE SEEMS NEAR

While President Wilson and Secretary Bryan were silent after the announcement of Huerta's resignation they were evident over prospects for early adjustment of the problem that has vexed two administrations and threatened to change the United States into a foreigner. The Washington government will not recognize the new provisional president, but the understanding here is that he will hold office only until arrangements can be made for Carranza's occupation of Chihuahua castle.

The constitutionalists have declared they would not enter into negotiations with Huerta's successor but hope was confidently expressed that some basis of compromise might be found by which military conquest of the capital could be averted. Carranza's plan contemplated the resignation of Carranza and the assumption of Carranza's office by the constitutionalists who in turn would surrender their restricted power on the arrival of the constitutionalists.

The South American mediators, who brought about the cessation of hostilities between the United States and Huerta government, would continue their efforts. It was believed to clear the way for conferences between the two factions, and the possibility of further bloodshed.

Huerta's entry to the Niagara proceeds still remained in New York at the call of the Mexico City government.

The American warships will stand by the harbor of Vera Cruz and San Antonio. General Funston's troops will continue their administration of the port until peace is restored.

Huerta, Tendering Resignation, Condemns Wilson and U. S.

MEXICO CITY, July 16.—The chance of a government, which General Victoriano Huerta turned over the provisional president to Francisco Carranza, has been calmly received by the populace. Besides the demonstration made in honor of President Carranza, when he was leaving the chamber of deputies building after the night of last night no outbreaks of importance have occurred. They were a few shouts in the streets of "Viva Carranza" and "Viva Huerta," but the police promptly stamped such demonstrations.

General Huerta, who remained in the capital some hours after his resignation, in which, probably after the night of last night, he left for Puerto Mexico to join his family and friends.

General Aurelio Blanes, his war minister and close adherent, went with Huerta when he left last night, as did several of his other close friends. Before leaving General Huerta went to the national palace and congratulated Carranza, who replied that he would do all in his power for the country's benefit. Later President Carranza conferred with the sub-secretaries of the different departments, all the members of the Huerta cabinet having resigned a few minutes. It is expected, will be signed today. The diplomatic corps was summoned to call on the new president Friday.

A REVEREND TO DIRECT REBELS

A dignified incident in connection with the change of government was the announcement that a special committee had left the capital last night for Chihuahua, to arrange with the constitutionalist leaders for a peaceful entry into the capital.

General Huerta's resignation was sent to congress late yesterday and was received by the senators and the deputies after a brief debate of a vote of 21 to 17. In the message conveying the resignation Huerta made bitter reference to the United States government. Francisco Carranza took the oath of office as provisional president at the joint session of the senators and deputies two hours later.

While the inauguration of General Carranza was pending the United States Deputy Minister Blanes made a bitter speech on American and American position. He was hissed by the public in the galleries.

The text of General Huerta's resignation follows:

Deputies and Senators: Public necessity, admitted by the chamber of deputies, by the senate and by the au-

OUT AT LAST

promer court, called me to the supreme majesty of the republic. Later, when in this same hall I had the honor of addressing you in compliance with the constitutional precept, I promised, at all costs, to bring about peace.

"Seventeen months have passed, and in that brief period of time I have formed an army with which to carry out that solemn promise. You all know the immense difficulties which my government had encountered owing to the lack of funds, as well as the lack of a manifest and decided protection which a great power of this continent has afforded to the rebels—so much so that when the revolution has been broken up, seeing that the chief leaders were and continued to be divided, the power in question sought a pretext to interfere, so that the rebels could be the result of this was the outrage committed at Vera Cruz by the American fleet.

HAPS UNITED STATES

"Success was had, as you know, in adjusting honorably, through our delegates at Niagara Falls, the petty Tampico incident, but the revolution continued with the support of whom we all know.

"Yet after the highly patriotic work achieved by our delegates at Niagara Falls, there still are some who say I, come what may, seek my personal interest and not that of the republic. And as I need to rebut this allegation with facts I tender my formal resignation of the presidency of the republic.

"The national congress must know that the republic, through its government, has labored in entire good faith and with the fullest energy, having succeeded in doing away with the party which in the United States calls itself democratic, and having shown how the right should be defended.

"To be more explicit, I will say that the action of the government of the republic during its short life has dealt death blows to an unjust power. Later

stronger workers will come, using implements that undoubtedly will end that power which has done so much harm and committed so many outrages on this continent.

"In conclusion I will say that I abandon the presidency of the republic, carrying with me the highest sum of human wealth, for I declare that I have arranged at the bar of universal conscience the honor of a puritan, whom I, as a gentleman, challenge to serve from that possession, "May God bless you and me."

The galleries of the chamber of deputies were packed before the beginning of the session today.

Intense excitement characterized the gathering, and at the close of the reading of Huerta's resignation the deputies stood. Speaker Manuel Merced then administered the oath.

Two deputies spoke vigorously against the acceptance of Huerta's resignation, one calling it "weak submission to the United States."

Two other deputies spoke for acceptance, declaring it was the only way to save the country.

Diaz Reported Planning Revolt Against Carranza

SAN ANTONIO, Tex., July 15.—(Associated Press.)—A session was given unofficially by army officials here tonight to the belief that a junta was being formed in El Paso in the interests of Felix Diaz.

The plan, it is said, was to start a counter revolution against Carranza and Villa and secure aid of Huerta "irregulars."

MRS. NELMS THINKS BOTH GIRLS ALIVE, BUT ARE SEPARATED

(Continued from Page One.)

Along the route the sisters are supposed to have taken, and seem to be adding new impetus to the search. Mrs. Nelms, offer of \$250 reward for each of the girls, dead or alive, will receive more general publication now. The photographs used in the hunt were furnished to the police by The Journal.

More strenuous efforts will be made Friday, when Attorney Reuben R. Arnold returns to his active part in the case, to secure originals of telegrams sent by Mrs. Nelms to Innes, and copies of telegrams received by her from him.

The United States special agents who were investigating the case to see whether the Mann laws applied, have ceased their activities for the time being.

The postoffice authorities continue an investigation whose purpose is to see whether the postal laws were violated between Innes and Mrs. Nelms. Mrs. John W. Nelms, the mother, and Marshall Nelms, the brother of the missing young women, are tireless in their efforts to locate the sisters. They are undiscouraged by the scant progress made so far.

Postcard pictures and descriptions of his sisters are being printed by order of Marshall Nelms and will be mailed by him to every part of the globe.

Sergeant A. D. Lock, of the Atlanta police force, left Wednesday night for Texas, to direct the hunt there. BEATRICE WOOD SHIRINE PIN. F. A. Finelli, the local contractor who was the last Atlanta to see the sisters, so far as is known, recalled Thursday that he noticed a Shirine pin worn by Beatrice when he accompanied them to dinner in New Orleans the night before they left for Texas.

The signature of Victor E. Innes was found by Mrs. Nelms on a paper in the desk of Beatrice in the Chandler building, Thursday. The signature was by Victor E. Innes.

STRIKE ON RAILROADS PUT UP TO MANAGERS

(By Associated Press.)

CHICAGO, July 16.—No conference was scheduled for today between representatives of the engineers of the western railroads and the managers' committee assembled here to consider the men's demands.

A strike of the 55,000 engineers, firemen and hostlers of the ninety-eight railroads, which may cost the country \$100,000,000 a day, may be called within the week, according to the last communication from the union leaders to the managers.

Warren R. Stone, grand chief of the engineers, and W. S. Carter, president of the House of Representatives, in a letter notified the railroad managers that if they had nothing further to offer negotiations would be discontinued and they would be informed of the date when the strike would be called.

Innes in a notarial capacity, witnessing a receipt signed by Mrs. Dennis in Carson City, Nev., to a loan on her life insurance policy.

Marshall Nelms called on Postoffice Inspector Harry and United States District Attorney Alexander Thayer, to ask their aid in finding the sisters or in procuring Victor Innes.

He was informed that with the case in its present status the government cannot proceed. Either the letters between Innes and Mrs. Dennis must be produced as evidence on which to base an action, he was told, or the young women themselves must be found without delay to prove a violation of the postal laws.

COMMON SHAREHOLDERS OF U. P. WIN VICTORY

NEW YORK, July 15.—Justice Page of the state supreme court today rendered a decision in favor of the Union Pacific Railroad company in a suit brought by the so-called McCadden stockholders, who sought to annul the railroad company's plan to issue \$50,000,000 of new stock, thereby reducing common shareholders to 10% of the total.

BILL AGAINST CIGARETTES FAVORED BY COMMITTEE

Drastic Measure Recommended
for Passage by Senate
General Judiciary

A bill prohibiting the sale or giving away of cigarettes in Georgia was reported favorably by the committee of the senate Wednesday afternoon. The original bill was introduced by Senator Seay and was somewhat more drastic than the substitute, although the latter is the most drastic piece of legislation touching cigarettes that has ever got a favorable committee report.

The substitute prohibits any person, firm or corporation from selling or giving away or having on hand for sale or free distribution, any cigarettes or cigarette papers, and fixes a penalty of not less than \$25 and not more than \$100 fine for violation.

Mrs. T. E. Patterson, ex-president of the Woman's Christian Temperance union, in Georgia, addressed the committee in support of the bill. She declared the spread of the cigarette habit has become alarming, that women are getting the habit and that boys under five years of age are getting it.

SOLICITORS ON SALARY.
Senator G. Y. Harrell's bill to place solicitors general on a salary of \$5,000 per year each was reported favorably by the committee. It is drawn so as not to necessitate a constitutional amendment, by the expedient of allowing the solicitors fees for prosecuting criminal cases in the supreme and appellate courts.

No other fee or perquisite is allowed. The temperance committee of the senate on Wednesday reported favorably on the bill by Senator McNeil, of Macon, to legalize the manufacture and sale of real beer.

Other bills reported favorably by the committee were as follows:

To make certain changes in court procedure, drawn by Judge Andrew Cobb, of Athens, and a joint committee of the house and senate appointed in 1912.

To take Clayton county from the sixth congressional district and add it to the fifth district, which includes Fulton county.

To make malicious oral defamation a libel and punishable as such.

A resolution to request the judges of the supreme and appellate courts to recommend to the next general assembly the constitutional amendments as they deem necessary relating to the jurisdiction of these courts.

The general judiciary committee of the house of representatives had a very interesting hearing Wednesday afternoon on a bill by Representative Slater, of Bryan county, providing a method for the validation of land titles, so that farmers owning land may put up their titles to same as security for loans.

FARMERS ARE IMPRESSED.
Harvie Jordan, of Monticello; B. W. Hunt, a banker of Eatonton; R. N. Berrien, an expert on municipal credits and bonds, and C. G. G. McDaniel, former railroad commissioner, spoke in support of the bill.

Their argument was that agriculture is held back in Georgia because the farmers cannot get money at reasonable rates of interest, whereas if efficient machinery were provided for the validation of land titles they would be enabled to use their land as collateral to finance their operations on a business-like and progressive scale.

The committee seemed favorably impressed with the bill, but referred it to a subcommittee for perfection.

The same committee considered also a bill providing for felony convicts after considerable discussion the committee decided to confer with the prison commission before reporting on the bill.

The general judiciary committee No. 2 of the house reported favorably on a bill by Representative Smith, of Fulton, to tax vending machines.

**POLICE BARRACKS STRUCK
BY BOLT OF LIGHTNING**

Secretary Morris and Others
Shocked by Bolt—Capital
Also Hit in Storm

Several persons in the police barracks were injured and considerable damage was done to the tower of the building when a bolt of lightning struck the tower of the building, striking the roof of the state capital was also struck and slightly damaged.

The bolt, traveling down a Western Union wire from the tower to the outer office of Chief James L. Boevers, exploded a call box, flying pieces of which struck W. T. Morris, secretary to the chief, who was also shocked by the flash. He was burned in the side and stunned.

Half a ton of bricks fell from the tower, these nearly demolished the automobile of Sheriff L. D. Hicks, of Cobb county, which was standing on the front of the building, jarring it into the street and tying up traffic for some time.

The ear-splitting crash of thunder, accompanied by the rumble of falling bricks, caused many to think the building was falling down, and great excitement prevailed for a few minutes.

Charles G. Cowan, an assistant to the chief, was shocked and cut. Sergeant Holcomb's hand was cut, O. C. Howell, bookkeeper, was burned on the leg. Maxine Wehrhelf was carrying a cup of coffee to a prisoner and it was knocked from her hand by the shock when the building was hit.

At almost the same time a bolt of lightning struck the roof of the capitol, directly over the office of State Entomologist Worsham. The roof was tilted and leaked badly during the rain that poured in torrents at the time, sending water down on Mr. Worsham's desk.

The city building inspector will investigate the damage done to the police tower and repairs will be made at once.

THAW WINS LONG FIGHT FOR POSSESSION OF FUNDS

Income of \$160,773 from Father's Estate Is Awarded
Him in Pittsburgh

(By Associated Press.)
PITTSBURGH, July 16.—After a six months' legal battle, Harry K. Thaw, in a court decision yesterday, was awarded the income from his father's estate, denied him by the trustees since he was adjudged insane for slaying Stanford White.

By the decision Thaw gets \$160,773. Judge James W. Oliver held Thaw is entitled to the money despite the fact that alienists declare Thaw is suffering from an exaggerated sense of self which would make it unwise to commit any large sums of money into his personal charge.

The fight for the income began last January when Thaw filed a petition asking for \$100,000 to pay legal expenses. The Fidelity Title and Trust Company of Pittsburgh, trustees, took exception. The court allowed the petition. The trust company then was permitted to send alienists to examine Thaw, claiming he was insane. Thaw refused to submit to an examination. It is said. The trust company then asked that Thaw be compelled to submit. The demurrer to this motion, filed by Thaw's attorneys, was sustained today.

**BURGLARS USE WAGON
TO HURL AWAY LOOT**

Grocery and Drug Store on
Angier Avenue Robbed in
Heavy Rain Last Night

Thieves who worked during the down-pour of rain Wednesday night carried away a whole wagonload of loot from two stores on Angier avenue, according to a police report.

Because of the bulky nature of the goods carried from the stores, the police are certain a wagon was used. The stores looted were those of W. M. Bendley & Co., 28 Angier avenue, and J. L. Culver, 18 Angier avenue. From the former about \$50 worth of groceries was stolen, and cigars and tobacco were taken from the latter establishment, a drug store.

To enter the grocery store the burglars broke in a plate glass window and then crawled over a quantity of crockery and other goods into the store. They entered the drug store by using a "jimmy" on the door.

Detectives Gillespie and McGill are working on the case.

How Lydia E. Pinkham's Vegetable Compound Kept Her in Health for 14 Years.

Shippensburg, Pa.—"It was several years ago that I started taking Lydia E. Pinkham's Vegetable Compound. I then suffered terribly every month. Pinkham's Vegetable Compound and in a short time was cured and have been in excellent health since. I always praise the Compound whenever I have an opportunity as I know it helped me and will help others. Lately I have given the Compound to my daughter and I wish all suffering women would take it and be convinced of its worth."—MRS. JAMES A. BEIDEL, 113 N. Penn Street, Shippensburg, Pa.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham Laboratory at Lynn, Mass. prove this fact.

BARBOUR-WILCOX WEDDING BEAUTIFUL MORNING EVENT

A beautiful event of the early morning was the marriage of Mrs. Ella Wright Wilcox and Mr. Philip Taylor Barbour, which was solemnized at 10 o'clock at the North Avenue Presbyterian church.

The interior of the church presented a scene of beauty with the many palms and handsome growing plants which were used in artistic decoration.

A dense grouping of the Australian tree fern and palms around the altar made an effective background for the assembled bride and groom. The cathedral lights blazing amid the fronds of the fern threw a lovely radiance over the scene. Preceding the ceremony a rarely beautiful program of organ music was rendered, comprising selections from Wagner and the wedding music from Grieg.

Promptly at 11 o'clock the ushers entered in couples. Mr. Ransom Wright and Mr. Raymond Hernandez, of Chicago came in together, followed by Mr. John S. Cohen and Mr. Albert Howell, Jr.

Wedding Party.
The maid of honor was little Miss Catherine Wilcox and she wore a dainty figure in a frock of white embroidered mull over pink chamoisee, her hat was of white lagoon banded with roses and she carried a basket holding pale pink roses and lilies of the valley.

The bride entered with her uncle, Mr. J. J. Russell, who gave her in marriage, and was met at the altar by Mr. Barbour, who was formerly Miss Ella Wright, of Augusta, was a noted belle and beauty and is prominently connected with families for many years identified with the best social and civic life of the south. Since coming to Atlanta several years ago, her mother, who she has endeavored herself to many friends who will be glad to learn that marriage will not take her away from the city.

Mr. Barbour, who came to Atlanta within the past year from Kentucky, is a prominent business man and is a member of all the social clubs.

The wedding was witnessed by the members of the family connection a number of whom came from a distance to attend the ceremony. Mrs. John Barbour, the mother of the groom, is a prominent business woman and is a member of all the social clubs.

RESPIRE IS GRANTED TO SLAYER OF CHILD

More Time Is Given to Investigate All Facts in Case of John Wright

A two weeks' respite was granted by Governor Slaton Thursday morning to John Wright, convicted in Fannin county of the murder of the two-year-old infant of Mrs. Hester Hughes, and sentenced to be hanged Friday, July 17.

This respite delays Wright's execution until July 31 and was granted by Solicitor General Herbert Clay, of the Blue Ridge circuit, might have time to investigate certain circumstances which the governor would clear up before he passed on the recommendation of the state prison commission to life imprisonment.

One night in September, 1913, Moultrie Hughes was called out of his home and fatally shot. His wife, with her baby in her arms, rushed out to him in getting back into the house. She struck her husband's assailants with the butt of his gun. The gun hit the baby in the head and killed it.

The murder was said to have been due to the fact that Hughes had information on some moonshiners which the governor would clear up before he passed on the recommendation of the state prison commission to life imprisonment.

SHORT TALKS TO FEATURE FORWARD MOVEMENT MEET

Rev. J. Sprole Lyons Will Answer Question Asked Last Sunday

The executive committee of the Men and Religion Forward Movement will hold another mass meeting next Sunday afternoon at 2 o'clock at the Baptist tabernacle.

SENATE PASSES BILL TO PAY SOLICITORS SALARY

Measure Passed by Vote of 32 to 5 Abolishes Fee in Trial Courts

By a vote of 32 to 5 the senate Thursday afternoon, after two hours' debate, passed the bill paying solicitors general on salary. This bill, which has been presented in the senate in one form and another for the past five years, was introduced last year by Senator Harrell, of the Twelfth district, and provided for the repeal of the law which provided that the solicitors general should derive their compensation from fees on all criminal cases appealed to the supreme and appellate courts.

Senator Harrell introduced an amendment changing the salary from \$3,000 to \$4,000.

Senator Harrell stated that solicitors general in the large counties of Georgia had been making \$10,000 a year.

Under the proposed bill, the \$3,000 shall be paid by the state; if the county wants to increase the salary, it can do so by a special act.

This bill caused spirited debate. Friends of the bill, fearing that it would not pass today, delayed the vote by filibustering.

PASSING BILLS

The following bills were passed Thursday:

House bill by Messrs. Greer and Barker of Wilcox county—To change the time for holding grand jury sessions in Wilcox county superior court.

House bill by Mr. Clements of Irwin county—To amend the code to add Irwin county, Irwin, to the list of state depositories.

By Senator Peyton of the Twenty-fourth—To confirm the action of the common council in donating certain property to the city of Columbus.

The following resolutions were introduced Thursday:

By Senator Atkins, of the Fifteenth—To appoint a commission of three lawyers to be appointed by the governor, the president of the senate and the speaker of the house, to consider and report a more expedient method for the registration of land titles.

The following resolutions were adopted Thursday:

By Senator Stark, of the Thirty-third—To appoint another assistant doorkeeper because of the illness of "our distinguished doorkeeper, the Hon. I. J. Stephens." Profound sorrow was expressed because of Mr. Stephens' illness.

By Messrs. Fullbright, Culpepper and Wimberly of the house, introduced in the senate by Senator Howell of the Twenty-second—To provide for a commission of five, three from the house and two from the senate, to investigate Orville A. Park's revision of the 1910 code of Georgia, looking to further revisions to bring the code up to date.

PEEPING ON BEYOND.
"Which club," queries L. K. H., "has the best chance to get in another world series, Giants or Athletics?"

Six weeks ago both were close to the border land of certainty. Today neither are certain. But of the two McGraw has this edge. He has at most only one or two clubs with a chance to beat him out, while in the American circuit Mack is being harassed by four or five machines.

There are still about eighty games left on the docket. It may be that some second division club in the National will rise up, but at present only Chicago and St. Louis are displaying enough power and consistency to be rated with a chance. But in the American league, outside of the Mackies, there are five clubs with greatly improved machines, or at least five clubs with pennant possibilities. With this array at work there is always the chance that at least one from the fold will seize the opportunity and slip on safely through to glory.

THE TWO SURPRISES.

Washington and Boston were conceded a foothold in April, but the wonderful surge of White Sox and Tigers, with the vast improvement down by the Browns, has been a young sensation.

The White Sox were never rated above fourth place. Then they lost Led and Chase—half their original infield. But before any one knew what had happened they were coming along at a clip that even Mack's machine never surpassed in its greatest days of 1910 or 1911 or 1912.

Eighty games should be a fair enough test. And the records show the after eighty games have been played in the American league circuit to leading club in the league lost over four or five games better than the club in sixth place. When a situation of this sort develops no living man, and very few dead ones, can tell what the last seventy-five games will produce. The break of last or some small shift in luck may put any one of at least four clubs in front.

Two Flights in Tourney Closed

Only a few more matches remain to be played in the different flights of the "Blue Laws" cup golf tournament which takes course. In the fifth flight the winner was decided when S. Hart defeated J. Jones, 5 up with 4 to 1. In the fourth flight the winner was decided when S. Hart defeated J. Jones, 5 up with 4 to 1.

"Blue Laws" for St. Looie Feds

ST. LOUIS, July 16.—"Blue laws" imposed to increase the efficiency of the St. Louis Federal league team were announced today by E. A. Steingard, manager of the club. The rules which govern the team will be ordered to be observed by 11 o'clock each day.

Recreation and playing or gambling are prohibited.

Players must report for practice at 10:30 a. m. If absent good excuse must be given.

All players "laying down" or failing to appear for the day called for will be subject to fine and suspension.

Players making inexcusable errors will be subject to fine and suspension.

Vanitie Will Be Revamped

ST. LOUIS, July 16.—The cup which will increase her speed and make her a mile. An aluminum hull and clip will be along on the two other cup yachts finished early last week. Defense and Vanitie remain at their moorings all day but Resolute went out for a twenty minute race with the other two.

The race will be over a thirty mile windward and leeward course.

Phillips Purchase Second Basement

ST. LOUIS, July 16.—G. R. Phillips, manager and second baseman of the Marquette Western Association, has been sold to Philadelphia of the National league. He left St. Louis to join the Philadelphia team.

PITCHING VALUE.
The worth of a dependable pitching staff was never better shown than in the White Sox-Athletic ranking. Mack has a better club than Calahan in almost every department. He has a far harder hitting club, a better fielding club and a faster club around the bases. But Calahan has a pitching staff that outclasses Mack's, and with this lone advantage is pressing closely.

"Russ Ford," says Brown, "never looked better in his life than he looks today. He is working as well as he did back in 1910 when he won twenty-six games and lost six for the Yankees. He isn't using the spitter to any great extent, but is working in a ball that sells and breaks—something on the order of the knuckle ball, but not exactly the same. Ford is a hard man to catch this season, much less to hit."

All of which is another evidence of Yankee luck. Russ had a weak elbow his last two seasons under Farrell's standard, but the moment he shifts to another camp he is back again in winning form.

RECORD GAME.

"I've played in and watched a good many ball games through my time," says Brown, "but the record game of them all was staged here in St. Louis this season. I was working against Seaton. In the twelfth inning, with the score tied, Brooklyn came up and made seven runs. Then, with that seven run handicap, and Seaton pitching, we made eight runs in the twelfth inning. Monroe Won From Winder

ST. LOUIS, July 16.—In one of the prettiest games of the season, Monroe defeated Winder here Tuesday afternoon, 3 to 2. "Lefty" George pitched a superb game for Monroe, striking out ten men, walking none and giving up five hits, two of them of the scratch variety. Following is the score, by innings:

Winder 0 0 0 0 0 0 2 5 2
Monroe 1 0 0 0 0 0 3 5 2

Batteries: Winder, Nunnally and Branch, Dunn, Monroe, George and Nunnally. Umpire, Griffith.

Athletics Hoist Pennant Flag

PHILADELPHIA, July 16.—While thunder endeavored to drown out the music of two bands the world's championship flag which the Philadelphia Athletics won last fall was raised Wednesday at Shibe Park. Through miniature lakes and ankle deep mud the visiting St. Louis Americans had the Athletics jarred the field and during a momentary let-up in the thunder showers the pennant was hoisted.

Both games of the double header scheduled for today were postponed.

"Gunboat" Smith Meets French Champion Tonight

NEW YORK, July 16.—Unusual interest is evoked both in America and Europe in the twenty-two boxing bout between Georges Carpentier and "Gunboat" Smith to be held in London tonight. Because of the ring prominence and nationality of the contestants the match has assumed international importance. Carpentier is the first of the French pugilists to win world-wide recognition, while Smith is one of the leading boxers of the so-called "white hope" class which remains following the defeat of Jim Jeffries by Jack Johnson at Reno in 1910. According to the announcement of the management of Olympia, where the match will be staged, the contest will be for the white heavyweight championship of the world with stakes of more than \$40,000 to be divided between the two contestants.

Of the two boxers, Carpentier offers the most interesting personality. Born at Saint France, on January 12, 1884, he is in his twenty-first year of age. Although he did not begin to box until he was thirteen, his first rise has been both rapid and spectacular. Beginning as a bantam, he worked through class after class until today he is considered by many experts as the best light-heavyweight in the world. Weighing in the neighborhood of 170 pounds, he has a French reach of 41-inch chest and is 5 feet 10 inches in height. He is very muscular and a terrific hitter, having a slight crouch and with a style that resembles in many ways the best American pugilists. His ability to withstand hard punishment is one of his strong points, and he has never shown any disposition to avoid hard attacks.

Edward (Gunboat) Smith is an Irish-American, born in Philadelphia, Pa., May 8, 1888. He began fighting in the great city of Philadelphia in 1910, and did not become prominent among the white heavyweight pugilists until he came east in 1912. With the exception of a decision given in favor of Jim Stewart in 1912, Smith has a clear record, never having lost a battle since that time. He is of a lanky build, has 160 flat-topped, with a powerful pair of arms and shoulders.

and possesses a punching power unlooked for from a man of his physique. Two of his most effective blows are an overhand swing and a right-hand uppercut, either of which, when it lands on a vulnerable spot, is a fight finisher. Carpentier's ring record dates back to 1907, but it was not until 1912 that he began to gain fame. His record for the past two years follows:

1912: Knockouts—Lacroix, 4 rounds; Jim Sullivan, 2; Hubert Roe, 3; Won—George Gunther, 20; Willie Lewis, 20; Lost—Frank Klaus, 40; Billy Paul, 18.

1913: Knockouts—Nureau, 4; Bandman Rice, 3; Cyclone Smith, 3; Bombarider Wells, 4; Lurie, 3; Jack Lancaster, 3; Bombarider, 4; 1. Won—George Gunther, 16; Jeff Smith, 20.

1914: Knockouts—Pat O'Keefe, 20; Smith's record since 1912 follows:

1912: Knockouts—Battling Brooks, 3 rounds; Jack Smith, 3; Jack McFarland, 6; Hugh McGinn, 2; Andy Morris, 2; George Goffrey, 2; Jim Savage, 1; Jim Stewart, 2; Won—Frank Moran, 28; No decision—Sallor, 10; Porky Flynn, 10; Tom McMahon, 10; Al Kuylik, 8; Jack (Twain) Sullivan, 10; Jim Stewart, 10.

1913: Knockouts—Bombarider Wells, 2; Fred McKay, 2; Charley Miller, 2; Won—Al McKee, 3; Jess Willard, 20; George Hosi, 8; Jim Flynn, 5; Tony Ross, 10; Sam Langford, 12; Carl Morris, on foul. No decision—George Lombard, 10.

1914: Knockouts—Arthur Poles, 15; The sale of seats at prices ranging from approximately \$1 to \$10 has been extremely heavy, the cheaper sections

having been sold out early in the month. A large delegation of French boxing enthusiasts has arranged to follow Carpentier's fortunes into England, so great is the faith of France in her popular boxing idol. The English sportsman, having his belief of a furious battle upon the records of the two boxers against Bombarider Wells, has ordered reservations in quantities which indicate that the 35,000 capacity of Olympia will be tested to the utmost.

Lord Nelson—Old England's Great Naval Hero

WITHOUT Horatio Nelson, England would have been invaded and perhaps conquered by Napoleon. At Trafalgar he smashed forever the French Emperor's hope of creating a naval power. Never was man more idolized and beloved—not only by all of England's people who breathlessly awaited news of his telling victories, but by every man of his fleet. A true Anglo-Saxon, he detested tyrannous powers and legislative usurpations of every kind. He was particularly opposed to prohibitive enactments governing the diet of his men, who, like him, enjoyed Barley-Malt brews, even as their fathers did for countless generations before. Good beer, according to Lord Nelson, has ever been good food. Budweiser Beer for 57 years has been the product of an institution holding the highest ideals known to the ancient art of brewing. The output, due to Quality and Purity, has increased every year until 7,500 men are daily required to keep pace with the public demand. Budweiser sales exceed any other beer by millions of bottles.
